

IN THE CLAIMS:

Please amend claims 1, 4-7, and 10-12, cancel claims 2, 3, 8, and 9, and add claims 15 and 16 as follows:

1. (CURRENTLY AMENDED) A trunk space storage system comprising:
at least one track; and
a movable wall disposed in a generally perpendicular position in relation to said track, substantially inhibited from movement away from the perpendicular position, and supported for sliding movement by said track.
2. (CANCELLED)
3. (CANCELLED)
4. (CURRENTLY AMENDED) The trunk space storage system as in claim [[3]] 1,
wherein there are numerous tracks in which said movable wall slides.
5. (CURRENTLY AMENDED) The trunk space storage system as in claim [[4]] 1,
wherein said ~~tracks~~ track further comprises at least one indent ~~indents~~.
6. (CURRENTLY AMENDED) The trunk space storage system as in claim 5, ~~wherein~~
~~said indents are located in various positions along said tracks;~~ wherein said movable wall further

comprises at least one boss ~~bosses~~ to fit into said indent ~~indents~~ to hold said movable wall in desired position.

7. (CURRENTLY AMENDED) A trunk space storage system comprising:

at least one track;

a movable wall disposed in a generally perpendicular position in relation to said track,
substantially inhibited from movement away from the perpendicular position, and supported for
sliding movement by said track; and

a wall extension.

8. (CANCELLED)

9. (CANCELLED)

10. (CURRENTLY AMENDED) The trunk space storage system as in claim [[9]] 7,
wherein there are numerous tracks in which said moveable wall slides.

11. (CURRENTLY AMENDED) The trunk space storage system of claim [[10]] 7,
wherein said track ~~tracks~~ further comprises at least one indent ~~indents~~.

12. (CURRENTLY AMENDED) The trunk space storage system of claim 11, ~~wherein~~
~~said indents are located in various positions along said tracks;~~ wherein said movable wall further

comprises at least one boss ~~bosses~~ to fit into said indent ~~indents~~ to hold said movable wall in desired position.

13. (ORIGINAL) The trunk space storage system of claim 7 wherein said wall extension extends only as high as highest point of said movable wall.

14. (ORIGINAL) The trunk space storage system of claim 7, wherein said wall extension further comprises a rigid, semi-rigid, or a soft, flexible material.

15. (NEW) The trunk space storage system of claim 7, wherein said track includes an upper surface that inhibits said movable wall from movement away from the perpendicular position.

16. (NEW) The trunk space storage system of claim 1, wherein said track includes an upper surface that inhibits said movable wall from movement away from the perpendicular position.
